

Commercial Automatic Coffee Machine

PRODUCE VELVETY HOT AND COLD MILK FOAM EFFORTLESSLY

Dr.coffee

F30

The F30 is a powerful and comprehensive fresh milk bean to cup machine with two bean hoppers and two soluble canisters for chocolate, decaf, or alternative powdered milk if required. When equipped with the SC10 or SC12 fridge, the F30 can dispense delicious hot and cold foamed milk. The F30 comes with a separate hot water outlet as standard, and the F30 Plus T has hot water and a turbo steam arm.

With a 300 drink per day capacity, the F30 is ideally suited for HoReCa, workplaces, or offices.

The F30 is equipped with a top quality 10.1 inch colour smart touch screen, two large steam & espresso boilers to guarantee continuous product output, and a top quality metal brewer that boasts a 21g capacity.

To help enhance the flavour of every coffee drink, this machine is supplied with top quality ditting metal grinders. Ideal for self service, the F30 is supplied with lockable hoppers and compatible with all payment systems via MDB communications
